
TEMPLATE GUIDE

A SUBTITLE

YOUR NAME

And a note

CONTENTS

Required preamble definitions	1
Optional preamble definitions	1
Class options	1
Environments	1
Pre-defined commands	2

REQUIRED PREAMBLE DEFINITIONS

1. `\documentclass{hayektex}`
2. `\title{...}`

OPTIONAL PREAMBLE DEFINITIONS

1. `\stitle{...}` . Will place a short title in odd headers (default: `\title{...}`).
2. `\author{...}` . Useful for: `authhead` , `copyright` , and `title` options
3. `\email{...}` . Useful for: `copyright` option
4. `\subtitle{...}` . Useful for: `title` option
5. `\note{...}` . Useful for: `title` option

CLASS OPTIONS

Usage: `\documentclass[option1, option2, etc.]{hayektex}`

1. `title` makes a title page
2. `toc` makes a table of contents after title page
3. `center` will make all pages centered (default: asymmetric, alternating)
4. `authhead` will put author in right-odd header (default: current part)
5. `copyright` will put a copyright notice "© yourName theYear ☒" at the end of the table of contents, if it exists

ENVIRONMENTS

1. `\begin{theorem}...\end{theorem}` bubble theorem environment
 - (a) `\theoremcolor{any dvipsnames color}` to redefine theorem color
2. `\begin{proof}[option]...\end{proof}` gray bubble proof environment. Places QED at end, and proof demarker in margins (one can edit this demarker with the option field)
 - (a) `\begin{proofn}[option]...\end{proofn}` proof environment without QED
3. `\begin{example}...\end{example}` example heading with line dividers

PRE-DEFINED COMMANDS

1. `\margintext{...}` will place text in the side margins at the height at which it is placed in the body
2. `\runin{...}` small-caps text
3. `\say{...}` small-caps text, in the margin
4. `\code{...}` in-line code environment, as displayed here.
5. If one wishes to differentiate between the title of a part and how it's displayed in the right-odd header, one can manually reassign the header macro with `\renewcommand{\thecurpart}{...}`. Otherwise, this is automatically updated.

See `.cls` file for full list of pre-installed packages.
